SHOPBLUE eProcurement System

What is SHOPBLUE?

- New eProcurement system that is replacing eReq.

- Increased efficiency and reduction of man-hours

- Simplified process, from start to finish

- Re-allocation of staff's hours to work on departmental core competencies

SHOPBLUE Benefits for You

- Reduce time in both the procurement and payment processes.

- Immediate feedback regarding availability and shipment.

- Easily compare product and pricing.

- Favorites – shopping carts, Account codes, ship addresses

- Electronic trail of workflow and status of purchase requisition

- View order history and saved searches
