THE CLICK PORTAL: GRANTS MODULE

Sponsored Projects Services

Mary Kraft, Director Post Award

Joe Kraft, Proposal/Account Establishment Specialist

**UB** University at Buffalo The State University of New York

The Click Portal

Click will automate the submission, review, and approval processes while managing major administrative aspects of the research and compliance lifecycle:

- Proposal development and submission

- Compliance checks

- Agreement Negotiations

- Award setup and award management

- Eventual project closeout

The Click Portal will also boost efficiency by replacing outdated systems that did not integrate with one another.

Electronic Proposal Submission Service (EPSS)

coiriskmanager™

2

The Click Portal

When fully implemented this system will integrate the modules to reduce administrative burden.

UB has lead this SUNY wide effort and was the first campus to deploy the IRB module in Fall 2015.

GRANTS MODULE

The Click Portal

University at Buffalo The State University of New York
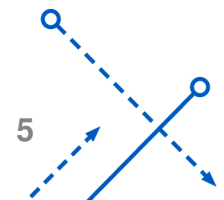

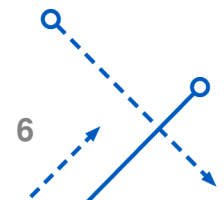

Grants Module

Provides an electronic system for the management of proposal submissions and budgets along with an award component that will compliment the Oracle Business System. Replaces the ESPS (approval form)

- Provides the ability to submit Grants.Gov applications through Click as a system to system transaction leveraging data entered in the forms to reduce duplicate entries

- Will provide proposal Team members (Co-Investigators; administrative staff; and SPS) access to the application for review and input.

Draft → Internal Review → Specialist Review → Sponsor Review → Awarded

Clarifications Requested — Clarifications Requested — Sponsor Changes Required
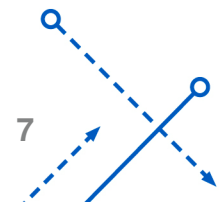

Grants Module

The Office of Sponsored Projects Services (SPS) helps with guidance for grant proposals, ensure compliance with proposal budgets and reviews and submits sponsored funding proposals. SPS also assists in managing awarded sponsored projects' funds.

Draft	→	Internal Review	→	Specialist Review	→	Sponsor Review	→	Awarded
