Project Goals:

Create a food "market" atmosphere and community space where students, faculty, staff and visitors can enjoy a diverse selection of foods in a welcoming environment

Provide a **culturally rich environment**, aligned with the UB mission and brand

Reinforce the success of previous phases and **provide new opportunities** for future phases

create a 'front-door' and a new landmark for the university at one of the busiest cross-sections of North Campus

designed by the UB community *for the UB community*
