

Research Partner Possibilities with Independent Health Including Data Access

Dr. Jessica Thomas is responsible for directing HEDIS, QARR, NCQA, and Medicare Stars initiatives at Independent Health, which include collaboration among population health, risk, medical management, care management and network providers to drive innovative initiatives to improve

quality outcomes and ensure member satisfactions. **Please join us for a Q&A session with Dr. Thomas, and learn more about the resources and databases available to you through your research!**

**Tuesday, April 30 2024
11:00-12:00 on Zoom**
