

The background features a complex network of blue lines and arrows. Solid lines intersect at various angles, while dashed lines form loops and paths. Small circles, some filled and some hollow, are placed at various points along the lines, suggesting nodes or data points in a network or process flow.

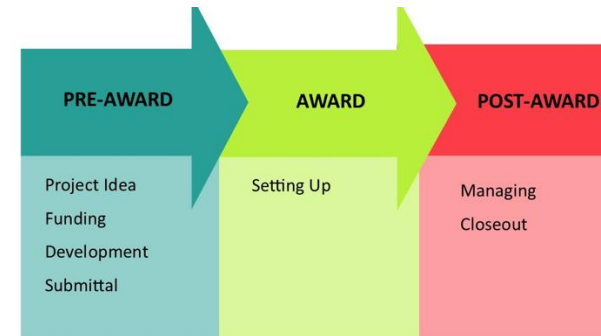

# SPONSORED PROJECT SERVICES

September 2024

## Who We Are & What We Do

GOAL: To provide robust pre and post award support to all faculty, regardless of the size or complexity of their project, while minimizing administrative burden.

- pull proposal materials together and ensure sponsor and university requirements are met
- managing your project once it's been funded
- collaborate to closeout the project

Sponsor compliance, reporting, ordering lab material, hiring research staff, etc

Work closely with Clinical Research Office, Jill's office & other research support offices
