LIBRARY RESOURCES AND SERVICES

Elizabeth Stellrecht, MLS
Head, Health Sciences Library Services
thomann4@buffalo.edu
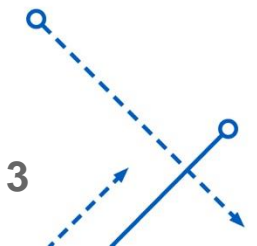

University at Buffalo
University Libraries

Today's Goals

Introduction to the University Libraries

- Resources
  - Database access
  - Research guides
- Services
  - Full text access
  - Research consultations

Meet your librarians!

University at Buffalo
## University Libraries

Getting Started with Resource Access

How to Connect

- UBIT Name and password
  - On campus and off campus
  - Instructions and troubleshooting for off campus access

Health Sciences at Abbott Library Website

- Subject Librarians
- Top Resources – highly used databases
- Database search - find a database by title
- Ask a Librarian>Chat for 24/7 help
- Getting Started with Health Sciences Resources

University at Buffalo
University Libraries

Research Guides

A few guides of note

What are they?

Curated selections of resources and tools for each of the disciplines studied here at UB and informative collections produced for topic-based areas involved in teaching, learning and scholarship.

Clinical Resources

Research Data Management

Systematic Reviews in the Health Sciences

Open Access Publishing
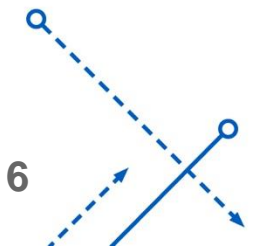

Consumer Health Resources

Copyright

Full Text Services and Tools

Delivery+

- Login with your UBIT credentials to set up, request and manage
  - Autofill article requests with a DOI
  - Requests built into the Libraries' catalog
- Delivered electronically as a PDF in My Account on the Libraries' page
- Most articles and book chapters are estimated to take 3-7 business days*

LibKey Nomad

- Free browser extension for accessing library resources where they are and get to the content fast
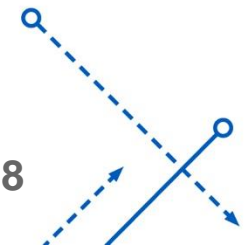

Library Workshops

- All available via Zoom
- Introduction to Systematic Reviews
- Research Data Management Essentials
- Keeping Up To Date on the Research Literature
- **EndNote**

Productivity Tools

- BrowZine
  - easily browse through UB Libraries journals
  - bookmark journals of interest
  - get notified when new articles are published
  - read full text, save articles

- EndNote
  - Citation management software
  - Download via Libraries' site
  - Mark up PDFs, find full text automatically, generate citations and bibliographies
 - EndNote Research Guide

Research and Publishing Support

Research Consultation

- Identify information sources and tools

- Assistance crafting and executing literature searches

- Citation management

Scholarly Publishing

- Identify journals for your research

- Evaluating journals

- Resources and tools for Research Data Management

Evidence Syntheses

Thinking about embarking on a review? Talk with us!

- Librarians are search experts
- HSLS Evidence Synthesis Service
  - Three levels of service: consult, consult plus, team member
  - Intake form on second page of guide
 - Due to overwhelming demand, there is a waitlist

Which Review is Right for You?

Research Data Management

Have RDM questions? Contact our Data Services Librarian!

- Jocelyn Swick-Jemison can assist with the following:
  - Data Management and Sharing Plans (DMSPs)
  - Research data management best practices and guidance
  - *All of Us* Researcher Workbench
  - DMPTool
  - Dryad (generalist data repository)
  - ORCiD

When in doubt, contact us.

Thank you!

Elizabeth (Liz) Stellrecht, MLS
